Jessica at 7 Weeks!

At present I'm reading several books on how to raise a puppy. Jessica (a Jack Russell Terrier) will soon join our family. Excellent dog trainers with years of experience with training have written books to share their expertise with me!

There are several systems of puppy training from which to choose and each have their merits. I have raised several puppies, but there are always new things to learn and remember. Right now, my favorite puppy training book is THE ART OF RAISING A PUPPY, by the Monks of New Skete.

Who Likes Books?

When people ask me what my hobbies are, what I enjoy doing the most for fun and relaxation, several activities spring to mind. Always the very first on my list is reading books. I love to read books! Reading is my lifelong passion.

There's a Whale in My Bedroom!

If that sounds like a title for one of my books it could be. We live down a lonely road in the country, next to a jungle, in front of the Pacific Ocean, in Hawaii. Whales swim and frolic in our back yard five months out of the year. Last night, a whale was so close to shore it woke me up with a start when it bellowed and slapped the water with it's great tail. It sounded like it was in our bedroom. This morning our hens woke me up to feed them at dawn. I guess the whale kept them up too!
